# sixteen cosmetics

Sixteen Cosmetics was founded in London, 11 years ago & now it is one of the biggest export companies in the cosmetic market. During these years, our company has expanded rapidly & steadily, having as great advantage the product quality and our competitive prices.

An in-house design department accounts for all new product development & commissioned projects. With our factory in Europe and with our high-end production systems, we can deliver private label products for your company.

All purchasing of raw materials and components is handled exclusively by our team, eliminating the requirement for any outsourcing, keeping the prices in a low level.

Our international perspective, gives us the opportunity to meet every country's needs.

We are taking part in every major exhibition like:

Cosmoprof Europe, Bologna (Italy)  
Cosmoprof Asia, Hong Kong (Hong Kong)  
Cosmoprof North America, Las Vegas (USA)
